

Artist Led Workshops

dot-art Schools works with a wide range of artists to offer your school one-day artist-led workshops in a variety of different techniques, media and subjects. All our workshops are delivered by experienced artists with full DBS clearance and public liability insurance, and can be tailored to meet your specific requirements. Find out more about our artist workshop leaders:

Artist	Eimear Kavanagh
Workshop	<i>The Art of Maths</i>
Details	<p>Using paper and small canvases, paints, papers and glue, mathematical puzzles will be explored by making something visually exciting. Layers will be created on the canvas whilst exploring shapes, patterns and sequences. Pupils can try out making marks using a variety of different techniques. The canvas is used in a similar way to a blackboard, only by not rubbing out, and by repeating marks it finally becomes a piece of mathematical abstract art! Pictorial representations and symbols will help pupils to recognise, remember and learn.</p> <p>The activities involved throughout the workshop will encourage pupils to see, hear, say, repeat and write. The following principles will be covered according to the Department for Education's National Curriculum; number and place value; addition and subtraction; multiplication and division; fractions; measurement; properties of shapes; position and direction. Children will experience a sense of enjoyment and curiosity about the subject whilst creating.</p>
Age Range	Primary / Key Stage 1
Materials	<p>Provided by artist: large and small canvases, acrylic paint, pens, paper, glue.</p> <p>Provided by school: tables, table covers, chairs, aprons, pots for water and mixing paints, paintbrushes, scissors, rags for cleaning.</p>
Cost	£250 + £160 materials (based on 60 pupils)
